

Residential HVAC & Water Heating Rebate Program – Gas and Electric

Elizabethtown Gas (ETG) Application Instructions · JCP&L and PSE&G

For faster processing, please complete the online application at ETGSaveEnergy-customer.clearesult.com utilizing the “Apply for Financing” or “Apply for Rebate” buttons.

1. Review and agree to the Program Terms and Conditions (last page). The Terms and Conditions apply for the electric utility partner.*
2. Electric rebates will only be processed when paired with eligible gas rebates that have passed QA field inspection if applicable.
3. Purchase and install eligible equipment pertaining to program efficiency requirements.
4. Apply for natural gas and electric product incentives through either your gas or electric company. Do not apply to both utilities.
5. If multiple contractors have been used for installs, please submit a separate application for each contractor.

Newly increased incentives for equipment installed January 1, 2025 or later!

Please provide the following information in addition to the product details applicable below:

- Is the existing unit still in working order? Yes No
- A photo of the existing unit.

Residential HVAC & Water Heating Rebate Program – Gas and Electric

Terms and Conditions

1. ETG gas account must be residential and active at the time of install for the installation address associated with this application for install to be eligible for an HVAC rebate.
2. It is the responsibility of the applicant to make sure all program requirements are met and all required documentation is provided to ETG. Failure to provide required documentation may result in rebate ineligibility.
3. The completed application form and all required documentation must be postmarked or electronically received within 120 days of purchase date for HVAC equipment or water heaters.
4. Invoices must show proof of purchase date and charges paid. ETG reserves the right to request proof of purchase including credit card receipt or statements showing charges paid.
5. Energy efficiency ratings of installed equipment must comply with those listed in the Air-Conditioning, Heating and Refrigeration Institute (AHRI) Directory for water heating equipment: <https://www.ahridirectory.org>.
6. System selected according to Manual S criteria based on Manual J loads (required).
7. Please allow 60 days to receive the rebate after complete documentation is received.
8. Rebate amount issued to customer/contractor will be dictated by efficiency requirements. Invoice amount and discount shown on invoice will not impact rebate amount.
9. ETG and/or its designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements before issuing the rebate. Such reviews will be made at a time convenient to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
10. This program is subject to New Jersey Board of Public Utilities (NJBPU) regulatory rules and orders. ETG reserves the right to change any portion of the program or end this program without notice.
11. Installations must be completed in accordance with all laws, codes, and other requirements.
12. By participating in the Company's energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all capacity rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your electric utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce customers' costs for the programs.
13. All offers are subject to available funding. ETG reserves the right, with approval of the NJBPU, to terminate, modify, suspend, or extend this program.
14. Rebate applications are valid for qualified products installed between January 1, 2025 – June 30, 2027.
15. Rebate applications must be postmarked or electronically submitted by June 30, 2027.
16. If applying for incentives for natural gas and electric measures at the same time through ETG, it is prohibited to apply for the same incentive with your electric company.

Exclusion

Equipment installations in newly constructed homes are not eligible for this program.

Rebates will only apply for the replacement of inefficient non-condensing models with new, high-efficiency condensing models. Replacing an existing condensing model with a new condensing model will not be eligible.

Tax Information

Rebates may be subject to federal and/or state income tax reporting. Rebate recipients are responsible for contacting a qualified tax advisor to determine tax liability. ETG is not responsible for any tax consequences of the rebate program.

Quality Assurance

ETG reserves the right to verify products installed before issuing payment. Customer agrees to permit a representative to have reasonable contact with customer to verify the products that were installed.

Disclaimer

ETG does not guarantee the performance of installed equipment expressly or implicitly. Any concerns regarding installation should be directed to your installer. Customer agrees that ETG has no liability whatsoever concerning the quality, safety, and/or installation of the products or measures resulting from the application for a rebate. Customer agrees to waive any and all claims against ETG and its affiliates, directors, officers, employees, or agents, arising out of activities conducted by or on behalf of ETG in connection with an application for any rebate(s) under the ETG Residential HVAC and Water Heating Rebate Program.
